MANTRAM OF UNIFICATION

“The sons on men are one and I am one with them.
I seek to love, not hate;
I seek to serve and not exact due service;
I seek to heal, not hurt.

Let pain bring due reward of light and love.
Let the soul control the outer form,
And life, and all events,
And bring to light the Love
That underlies the happenings of the time.

Let vision come and insight.
Let the future stand revealed.
Let inner light demonstrate and outer cleavages be gone.
Let love prevail.
Let all men love.”

This primordial karma (if I may so call it) is contributory to the existence of disease.

We are told in the ancient books, to which the Masters have access, that the world is constructed of substance which is already tainted with the karma of a previous solar system.

... It will be apparent to you that these streams of force, emanating from the Lords of the Seven Rays, are coloured, therefore, and "tainted"—if I may use such a word—by the limitations of these same great Beings;

They are Gods, from our point of view, but in reality, Gods in the making, even though much nearer solar divinity than the most advanced human being is near to planetary divinity.

They are the "imperfect Gods" spoken of in The Secret Doctrine and are the planetary Logoi of the sacred and nonsacred planets.

If the great informing Lives of the planets within our solar system are imperfect, the effect of this imperfection must inevitably affect Their planetary creations, Their bodies of manifestation, and thus introduce a karmic condition over which the individual human being has absolutely no control, but within which he moves and which he shares.
