Desire vanishes when Love Triumphs - EA 171

### **Neptune** as “God of the Waters”—the Meaning of “Waters”:

“**Neptune** is as you know, the God of the waters, and the term ‘water’ covers many angles of the esoteric wisdom, such as: 1. The whole concept of matter—universal and itemized; 2. The ‘waters of substance’; 3. The ocean of life; 4. The world of astral glamour and reaction; 5. The astral plane as a whole; 6. The desire and the emotional nature; 7. The world of focussed incarnation for the masses; 8. Mass existence, as in Cancer.” (EA 275)
