

Uranus

Revealer of the Archetype

Zeus blessing Persephone after she returns from the Underworld
by Maria Mikhailas

Gradually the new rhythm will impose itself on the disorganised communities of men, and instead of social chaos as now, you will have social order and rule; instead of the religious differences and the differentiated sects of the many so-called religions, you will have religious expression itself regulated into form and all ordered by law; instead of economic and political strain and stress will be seen the harmonious working of the system under certain fundamental forms; all

will be dominated by ceremonial with the inner results aimed at by the Hierarchy gradually taking shape. Forget not that in the apotheosis of law and order and their resultant forms and limitations lies, towards the close (I choose my words with deliberation), a fresh period of chaos, and the escape of the imprisoned life from even those limitations, bearing with it the imparted faculty and the essence of the development aimed at by the Logos of the seventh ray. This coming process of planetary service through the third divine centre is only truly effective when Aquarius rules and when our sun is passing through that sign of the zodiac. Hence the immense importance of the next 2000 years. Therefore, only when a man is a world server and becoming group conscious can this desired objective of manifestation begin to demonstrate. It is beginning to happen today for the first time in planetary

history. It is one of the first fruits of initiation and only in the next root race to our present Aryan race will we begin really to understand the significance of the process and the true nature of the energies to be released through the medium of humanity upon the planet. It is for this reason that Jupiter and Uranus (expressions of the second and the seventh rays) are the exoteric and esoteric rulers of Aquarius. –EA:200-1

... the third ray expresses itself powerfully through the sign [Aquarius], reaching our planet through Uranus and the Moon which hides or veils Uranus symbolically in this case. There is, therefore, to be found the double influence of Uranus, expressing the quality and bringing in the energies of the seventh ray, in one case, and the third ray in the other. –EA:138

Magical words are only communicated under the seal of secrecy, to men working under the Brotherhood of Light, to initiates, and to pledged chelas, owing to the great danger involved. Occasionally, too, they are ascertained by men and women who have brought about a condition of alignment with the Ego, and are, therefore, in touch with

the inner centre of all knowledge within themselves. When this is so, the knowledge is safe, for the Ego ever works on the side of law and righteousness, and the words being emanated by the Ego are "lost in His sound" (as it is occultly termed) and will not be remembered by the physical brain when not under the influence of the solar Angel. -TCF:1004

Uranus... brings together electric fire and fire by friction, thus producing manifestation. Uranus leads the soul to the burning ground during the final stages of the Path, when the fire of Aries and the fires engendered through the potency of Uranus produce the flaming heat of the final burning ground. Uranus rules the occult Way and is, in an esoteric sense, connected with the Hierophant of the Mysteries of Initiation. –EA:100

Trinity
by Maria Mikhailas

Reaching for Spirit
by Maria Mikhailas

Uranus, therefore, initiates a new order of life and conditions and this—when developed in the life of the disciple—in its turn produces an understanding of the causes of things as they are, and the desire to change the old order and the old orientation into the new. This produces the reversal of the wheel. This can be seen happening today most clearly in connection with humanity and with world processes. Carried forward to its logical conclusion, the influence of Uranus finally produces an unfolded spiritual consciousness in contradistinction to the human; for this reason, Uranus is exalted in this sign and assumes a position of power and of directed influence. –EA:224-5

The Revealer of Beauty –EP1:85

All beauty, all goodness, all that makes for the eradication of sorrow and ignorance upon the Earth must be devoted to the Great Consummation. Then when the Lords of Compassion shall have spiritually civilised the Earth and made of it a Heaven, there shall be revealed to the Pilgrims the Endless Path which reaches to the Heart of the Universe. Man, then no longer man, will transcend nature and impersonally, yet consciously, in at-one-ment with all Enlightened Ones, help to fulfil the Law of the Higher Evolution. –EA:556
