Pluto Overview

“the Ancient One (the personality, the Dweller) is no longer seen. [They] sink to the depth of the ocean of life; [they] descends into hell, but the gates of hell hold [them] not. [They], the new and living One (Initiate) leaves below that which has held [them] down throughout the ages and rises from the depths unto the heights, close to the throne of God”

Sabian Symbols: Hen scratching for her chicks

HEN SCRATCHING FOR HER CHICKS

This universal idea is best expressed through planets in

Cancer 18 (17° - 18°)

GROWING UP

**It is necessary to accept responsibility for oneself and others in order to
find mature expression of life's potential**

"Fulfilling a mature role within our community"

Growth in the plant and animal kingdoms is mostly measured in size; in the human realm it has to do with emotional and intellectual maturity - playing a responsible part in the community and fulfilling one's role properly. Whatever we seed must be attended to so that it develops into full expression, and this applies to our projects as well as our children.

Rudhyar:

*A HEN SCRATCHING THE GROUND TO FIND NOURISHMENT FOR HER
PROGENY*
